

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the Drawings**

The following changes to the drawings have been approved by the examiner:

To avoid confusion and to properly label the various images shown in each of Figures 4, 5, 6, 12, 13 and 14 the following changes should be made. Each of the various images should be separately labeled. For example, in figure 4, the labeling should be ---Fig. 4A--- and ---Fig. 4B---, respectively, for the various figures. In figure 5, the labeling should be ---Fig. 5A--- and ---Fig. 5B---, respectively. In figure 6, the labeling should be ---Fig. 6A---, ---Fig. 6B---, ---Fig. 6C---, ---Fig. 6D---, respectively. Figures 12, 13 and 14 should be amended in similar fashion.

Also, figures 13 and 14 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

In order to avoid abandonment of the application, applicant must make these above drawing changes.
